**Feedback on Curriculum**

Regular feedback from various stakeholders of the institution is integral to ensuring continuous improvement in the teaching-learning process and understanding their needs and expectations. In the year 2023-2024, our Institution obtained feedback on the syllabus and its transaction at the institution from its teachers, students, parents and alumni. The total response collected was 181 which was distributed as per figure-1. The responses of all the stakeholders were combined together

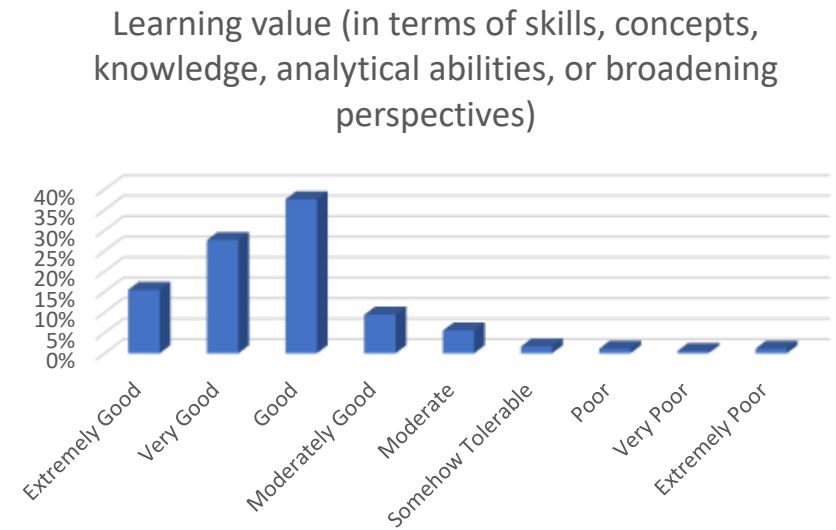

Figure 1: Our Stakeholders

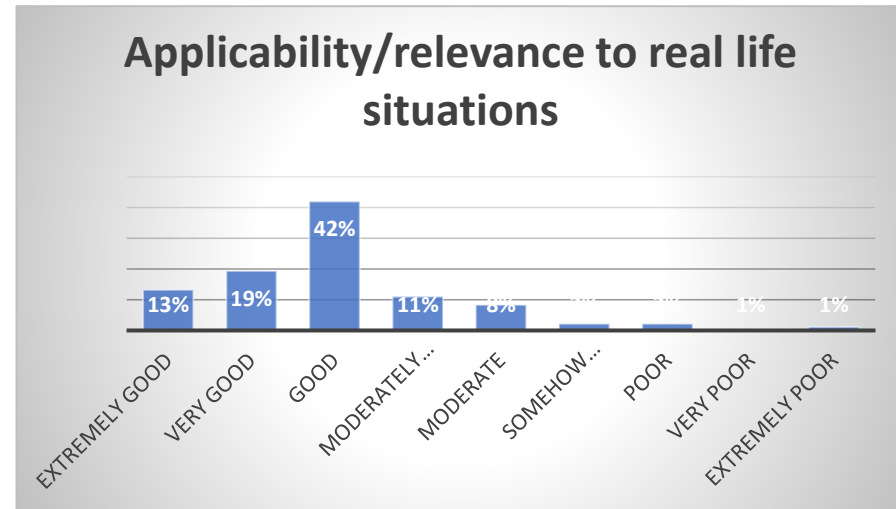

### **1. Learning value (in terms of skills, concepts, knowledge, analytical abilities, or broadening perspectives)**

Learning value response/feedback is good (40%) and very good (30%). Other quantitative and qualitative measures are almost negligible.

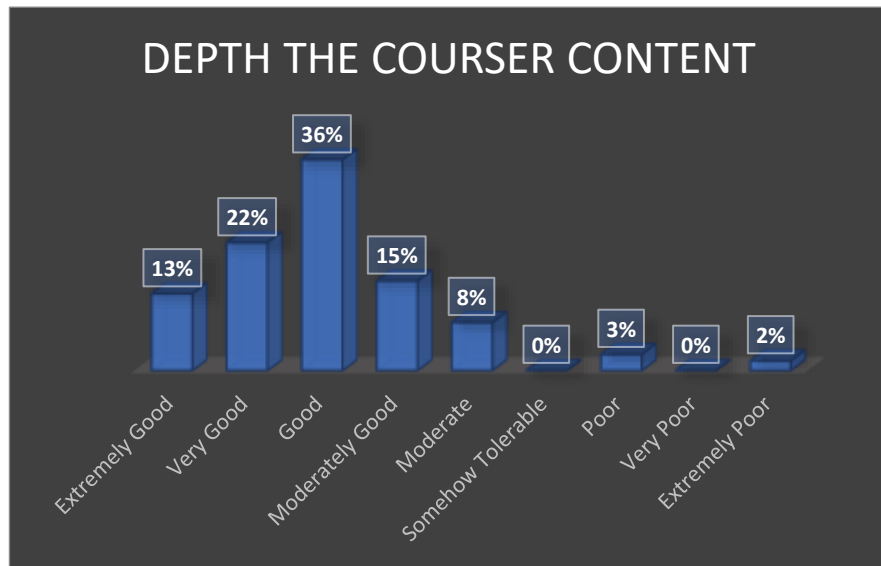

Similarly below chart shows applicability/relevance to real life situations is also Good (40%) .

## 2. Applicability/relevance to real life situations

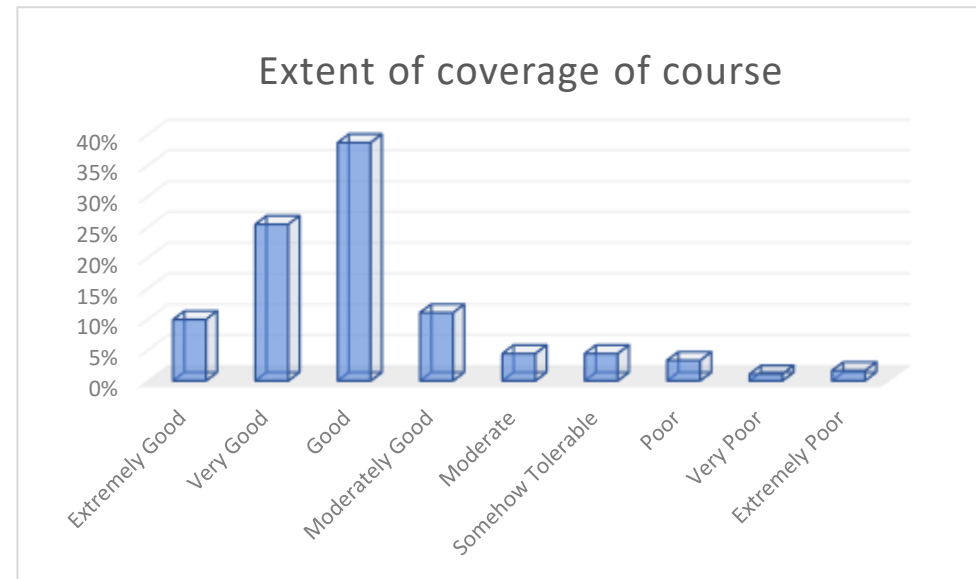

**3.Depth the courser content** Depth of courses content is good ( but response is below 40 %). But in NEP 2024-25 batch we are much focused in

course content.

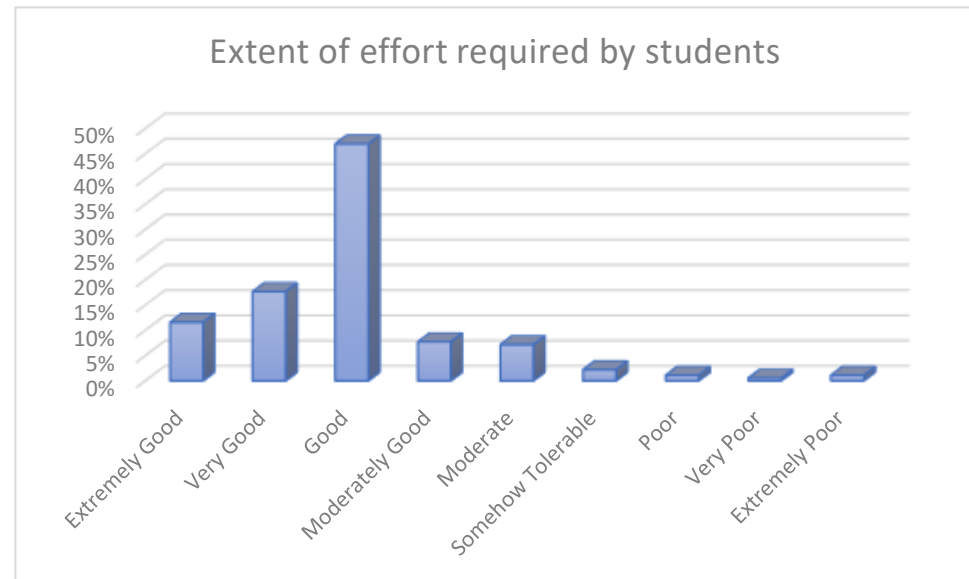

#### **4. Extent of coverage of course**

Course covered during academic year is good. The response is above 45 % and beneath to 50%.

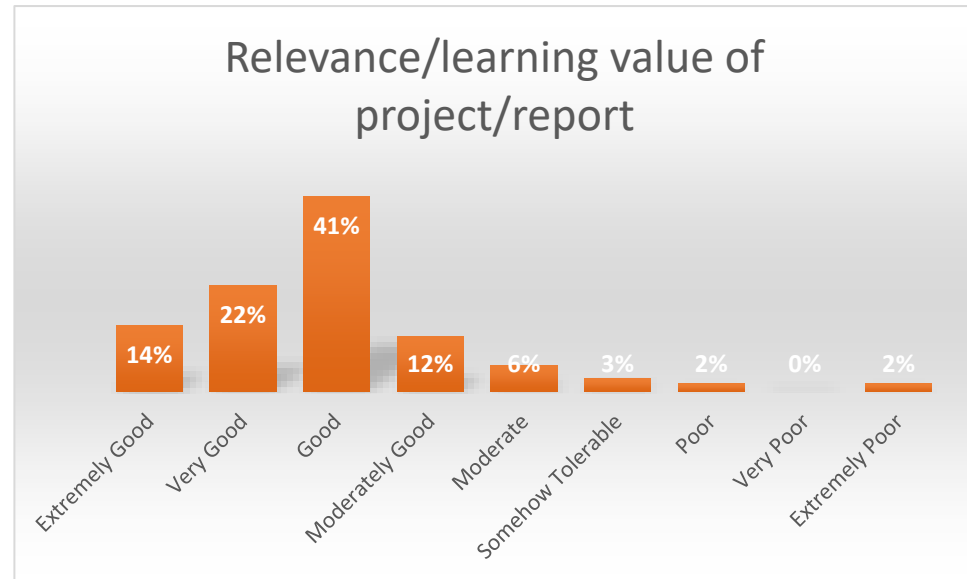

### 5.Extent of effort required by students

Extent of effort required by students shows majorly good ( 50% which quite satisfactory because 50% work ,task almost use to get completed in the classroom and in laboratories by faculty members .i

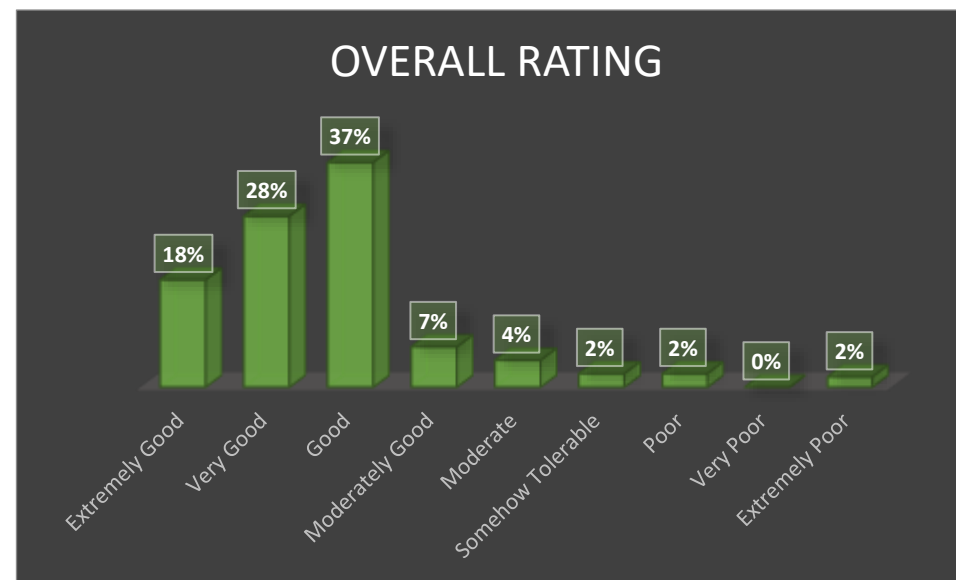

## **6. Relevance/learning value of project/report**

Relevance/learning value of project/report has values in work life/practical life and the response good (41%).

## **7. Overall rating**

Overall rating inclined extremely good to good. Other adverse rating parameters are zero at all.

**ATR:** It was observed that very few parents and alumni had filled the feedback on curriculum and its execution. It was therefore decided that from next academic year proper care will be taken to get feedback from all the stakeholders. A feedback committee should be constituted for the same.

As the college is affiliated to the University of Mumbai, it does not have the power to design the curriculum. But it makes every effort to cover the set syllabus in its entirety, bringing out its essence and preparing the students adequately for the semester end (100 marks) exam under the credit-based grading system. Many teachers of the Institution participate in the curriculum development and assessment of the affiliating University. The gaps identified through feedback in the syllabus and its transaction are brought into the notice of the university through these teachers.

Prof. (Dr.) Shantaj Deshbhratar  
Principal (In-charge)
